## Customer Initiated Augmentation Works : Option Selection Form

### Proposed customer initiated augmentation work to provide an electricity supply to:

(Please print clearly)

Customer Name (for invoicing purposes)			
Customer Address	Town/City		Post Code
	Area Code	Ph No.	
Business Hours Telephone			

Address Supply Required	Town/City		Post Code

Powercor reference No:
------------------------

**I advise Powercor that I want to pursue the following option** (place a tick in box):

<b>1</b> Powercor undertakes all Network Connection Services and agreed Competitive Services work associated with the augmentation project and provides an all inclusive price.	<input type="checkbox"/>
<b>2A</b> Powercor to provide costs for the Network Connection Services activities only and I will arrange all other works.	<input type="checkbox"/>
<b>2B</b> Powercor to provide costs for the Network Connection Services activities and to seek prices for the Competitive Services through the Panel Tender process. I will manage the project and contractors.	<input type="checkbox"/>

*Reminder:* Option 2B is only available if the estimate of the value of the labour and plant associated with the physical construction phase of the augmentation is greater than \$5,000 (GST inclusive).

I acknowledge that the Option selected above is my considered instruction to Powercor for the preparation of an Offer for Network Connection Services. If my subsequent instructions to Powercor change the Option indicated on this form I will reimburse Powercor any reasonable costs they have incurred in following this instruction.
